		Facilitated community weed pull
		Initiated ongoing process to establish Big Springs emergency egress route
11	Promote optimal utilization of local recreational facilities and the maintenance of those facilities	Created a memorial policy that was approved by the BOT
12	Open space utilization and management	Drew up a draft management plan for Wingate property
13	Promote healthy interaction between residents and our natural environment through education and recreation	Conducted Chipeta Park playground equipment selection process

## Trustee Report

To: Board of Trustees

From: Trustee Randy Lee

Date: March 13, 2013

PROSAB met February 21<sup>st</sup> and discussed Town wildfire mitigation goals for 2013 and ideas for updating the trails master plan. Wildfire mitigation goals for 2013 include:

- The Town will seek recognition as a Firewise community
- PROSAB will host an organizational Saws and Slaws workshop for mountain communities interested in developing an S&S program (provided there is enough interest)
- PROSAB will cosponsor Boulder County's planned Firewise Landscaping workshop this spring
- PROSAB will complete management plans for the Wingate and Barker parcels
- Nederland Saws & Slaws will seek to hold one local event a month, while supporting other area S&S events

Trails plan work will continue at the March 21<sup>st</sup> PROSAB meeting, with a public input meeting planned for some time in April. Sylvia Clark is expected to attend.

PROSAB has two vacancies and one applicant that will be considered on the 21<sup>st</sup>.

IMA: The Intermountain Alliance met February 20<sup>th</sup> in Jamestown and was attended by Ryan Ludlow of Boulder County Land Use and Boulder District Ranger Sylvia Clark and others from the USDA Forest Service. The focus of the meeting was on County and FS projects underway and plans for the coming year. Next meeting will be in Gold Hill on March 20<sup>th</sup>; Garry Sanfacon will attend to provide updates on County projects he is heading (including the multi-county sport-shooting task force and the regional trails group) as will Sylvia Clark.

Big Springs Emergency Egress: Still moving forward. The County is waiting for the snow to melt before making further route assessments.

Firewise USA Communities: A Firewise action committee was formed and met on March 6<sup>th</sup>. Decisions made by this committee:

- Community boundaries, for the purposes of the Nederland Firewise program, will be the Town limits.
- The sponsoring entity will be PROSAB.
- The Firewise action committee will be the PROSAB Forest Health subcommittee (supplemented by the volunteers who have committed to the Firewise program effort)
- The nominal Firewise action committee "president" will be Randy.
- PROSAB's 2013 wildfire mitigation goals will form the basis for the Nederland 2013 Firewise action plan. These could be supplemented with additional educational outreach and rebranding the annual Town cleanup day as a Firewise cleanup day.

Boating on Barker: The City of Boulder's Water Resources Advisory Board discussed a possible boating program at its February 25<sup>th</sup> meeting, in response to the City Council's request that it define "thresholds" that a boating program would have to meet. WRAB will continue its discussion at a later meeting.
