

## **Trustee Report**

**To: Board of Trustees**

**From: Trustee Randy Lee**

**Date: January 16, 2014**

PROSAB: PROSAB has met twice since my December report. At the December meeting, the Board discussed strategies to achieve its 2014 goals and assigned members to various committees to work on these. On January 16<sup>th</sup>, members elected officers for the year, conducted PROSAB's yearly self-assessment and discussed each committee's plans for meeting their assigned PROSAB goals.

Saws & Slaws: A volunteer appreciation party will be held on January 25<sup>th</sup> to thank past participants and generate momentum for 2014. An event flyer is attached to this report; all BOT members and interested community members are encouraged to attend.

IMA: The January IMA meeting was held on the 16<sup>th</sup> in Nederland. Attendees discussed, at length, questions surrounding the growth of the group and its mission, ultimately deciding to continue on in the same informal fashion, not limiting membership nor imposing restrictions upon participation, except that communities will be encouraged to let a single person to speak for that community. The Nederland Mayor's Task Force on Human Services asked to become a subcommittee of the IMA, but, after discussion, TF member Janette Taylor was urged to report to the IMA in the manner that other area agencies (e.g. Red Cross, Boulder County Aging Services, Boulder OEM) do, without the formality of being an official "committee." The next meeting will be in Lyons on February 20<sup>th</sup>. (I will not be able to attend this meeting, nor future IMA meetings scheduled for the third Thursday of the month, as it interferes with my PROSAB meeting preparation).

USFS: The Forest Service will hold an informational public meeting at the Nederland Community Center on January 27<sup>th</sup>, 5:00 – 7:00pm to explain to community members the upcoming Tungsten and Lump Gulch fuels treatment projects. The Tungsten project will have a significant visual impact on the town, and residents are encouraged to come and learn about it ahead of time.
