Presentation of recommendations of the Mayor's Task Force on Economic Development

SUMMARY:

Randy Lee, co-chairman of the Mayor's Task Force on Economic Development, will present the recommendations of the Task Force. The Task Force was constituted by the Board of Trustees in December 2012. The group was tasked with comprising a report of recommendations to advance ideas for advancing the Town's goals of a stronger, localized economy over the next 10 years in Nederland.

After several years of work, including a community survey and in-depth review of previous economic development and related studies of the past decade, the task force is prepared to offer suggestions for the Town's support for local economic progress.

HISTORY AND PREVIOUS BOARD ACTION:

The Mayor's Task Force on Economic Development (EDTF) was re-established by Resolution 2012-38 of the Board of Trustees on December 18, 2012.

A previous task force was seated by the Board in summer 2010.

Work was conducted by the then-operational Chamber of Commerce in 2004 to study economic conditions and barriers, producing recommendations that led to the creation of the Nederland Downtown Development Authority.
