C. DISCUSSION ITEMS:

1. Zero Waste at Frozen Dead Guy Days

- Kelly Grebe has been in contact with FDGD and how they will attempt to deal with trash because the SAB wants to create a Zero-Waste Event Ordinance.
- FDGD management has asked vendors to bring compostable cups; in the past vendors have not done as they committed.
- FDGD has no solid plan yet as how they will deal with event waste, we recommend investing in bins or hiring a waste removal service like Green Girl Recycling.

2. Zero Waste Event Ordinance

- To make all events in Town Zero-Waste
- Pull language from current Town organization policy.
- Would be a part of the Town Event Permit Application
- All events requiring a Town Permit would be required to be Zero-Waste

3. LEED Ordinance

- Town currently has an ordinance for new construction to adhere to LEED tenets but

does not require the Town to seek certification.

- Do we want to change this process?
- How would we get Town to enforce the current ordinance? (as it has not been followed through on in the past)

4. Community Agriculture Update

- Develop a design team for the community greenhouse
- Fundraiser has been postponed, we all need more time to plan.
- Camille has been working on Community Agriculture promotional materials.
- Working on a Native Installation Garden and attempting to develop a working relationship with PROSAB.

5. Sustainability at Eldora Mountain Resort

- Camille delivered the letter to Eldora's management team.
- In april 2016, Eldora met with PACE and arranged for a three-bin disposal system, but they have not gone further with the plan.
- Can we get them continue?
- Who is their trash disposal service? Do they offer recycling and composting services?
